Avotus Achieves Cisco Compatibility Certification with the Cisco Solution Partner Program

OAKLAND, New Jersey– March 24, 2015 – Avotus Corporation, the leading provider of Intelligent Communications Management (ICM) solutions, announced today that Avotus' Intelligent Communications Management - Usage Management (ICM UM) Enhanced Reporting software has successfully achieved compatibility certification with Cisco Unified Communications Manager, 10.5. The Internet of Everything (IoE) continues to bring together people, processes, data and things to enhance the relevancy of network connections. As a member of the Cisco® Solution Partner Program, Avotus is able to quickly create and deploy solutions to enhance the capabilities, performance and management of the network to capture value in the IoE.

Avotus ICM Usage Management is market-leading enhanced reporting software that helps telecom managers capture and organize network data for analysis and visibility across multiple vendors and multiple sites. Fixed, mobile and Unified Communication services can be managed seamlessly with ICM UM. Cisco clients now gain visibility, security & compliance with your Cisco telecom environment through over 200 Avotus ICM "UM" dashboards, reports and graphs.

"We are thrilled to have tested compatible with Cisco Unified Communications Manager 10.5," stated Avotus CEO James Martino. "For over 30 years, Avotus has been delivering enhanced reporting software for over 130 PBX models. This partnership with Cisco conveys our commitment to bringing visibility, big data management and security enhancements to the most popular SIP based platforms. As enterprise clients migrate from TDM to VoIP platforms, Avotus stands ready to ensure that they maintain the necessary management tools and visibility into their new platforms, while enabling them to integrate old and new in one global holistic software portal."

The Cisco Solution Partner Program, part of the Cisco Partner Ecosystem, unites Cisco with third-party independent hardware and software vendors to deliver integrated solutions to joint customers. As a Solution Partner, Avotus offers a complementary product offering and has started to collaborate with Cisco to meet the needs of joint customers. The Solution Partner Program provides independent software vendors with innovative technical, marketing, and sales resources.
