

## Avotus Invites Affected Small Business Owners to Utilize Avotus Headquarters

OAKLAND, New Jersey– November 02, 2012 – Looking for a place to charge your phone, make a call, get some work done or use the Internet? If Sandy has put your small business in jeopardy, Avotus welcomes you to visit our facilities and take advantage of our communication's infrastructure.

“Superstorm Sandy has caused extensive damage over the past few days. This is the time when all of us should join hands to help each other,” said James Martino, Global Vice President of Operations, Avotus. “We welcome small business owners and work at home professionals affected by the storm and the consequent power outages to visit our New Jersey headquarters between 8am and 4pm weekdays and benefit from our diverse internet connectivity, electricity and communication needs in this time of crisis.”

Avotus staff is fully prepared to welcome you and provide facilities and infrastructure to affected New Jersey residents at absolutely no charge. The details for the Avotus US headquarters are below. Please call ahead or just come visit.
