

## Avotus Corporation Joins the Cisco Developer Network as Registered Developer and Completes Cisco Interoperability Verification Testing

Mississauga, Ontario– March 22, 2011 – Avotus Corporation announced that it has joined the Cisco Developer Network as a Registered Developer within the Unified Communications technology category. In addition, [Avotus's ICM UNITY](#) has successfully completed interoperability testing with [Cisco Unified Communications Manager, 8.5](#)

The [Cisco Developer Network](#) unites Cisco with third-party developers of hardware and software to deliver tested interoperable solutions to joint customers. As a Registered Developer, Avotus offers a complementary product offering and has started to collaborate with Cisco to meet the needs of joint customers. With offerings such as Avotus ICM UNITY customers can more quickly deploy a broad range of Cisco Compatible business applications, devices, or services that can enhance the capabilities, performance, and management of their Cisco network. For more information on Avotus ICM UNITY interoperability with Cisco Unified Communications Manager, 8.5, go to [CDN profile for Avotus](#)

### About Avotus Corporation

Avotus changes the way companies source, procure, and manage their communications services and assets. By combining technology, automation, and domain expertise under the Avotus Adaptive Communications™ model, Avotus is helping Global 2000 companies transform their telecommunications spend. This strategic set of services includes Communications Assessment capabilities, which help identify, diagnose and understand business problems and opportunities; Advisory Services, which provide valuable insight into clients' telecom challenges and offer both technical and business process-related solutions which bring enhanced value to our clients; Managed Services, which provide specific business process and service support; and Outsourcing Services, which completely transform a company's operations and provide third party hosting of a company's communications infrastructure.

Avotus has a 30-year history of empowering companies of all sizes to gain lasting control over their complete worldwide communications environment through the effective management of their voice, mobile and wireless, data and converged communications spend.
